## High School

Basket Ball News—House Decoration and Finishing—Drinking Water Tested—Commercial Club Third Annual Prom

This is a busy week for the girls' basket ball teams. Next Saturday afternoon the Senior High team is to meet the Junior High team in a game to be held at the gymnasium at 7:30. The Bridgeton Academy girls here at Oxford, are in excellent trim right now, and after the playing shown at Oxford last Friday, Saturday's game promises to be interesting. Although the majority of the squad is new material, and the "vets", fast and co-operative; and the "vets", Upton, M. Gallant, and B. Gallant, are here to help develop an interesting team. Preliminary to this will be a game between the two schools at 7:30. The girls from South Paris Junior High at South Paris, Friday night the girls' Junior High team goes to Auburn to compete against Edward Little Junior High. This is the first time a game has been played between these two schools and the girls are showing much interest and enthusiasm over the event. The team will be selected from the following candidates: Margaret Hill, Athalia Perry, Roberta Howe, Rosina Anderson, Pauline Edwards, Margaret Anderson, Florence Wrayman, Margaret Michie, Althea Millett, Margaret Crocker, and Winola Kimball.

A complete Junior High girls' schedule has been arranged as follows:  
Jan. 18, Edward Little Junior High at Auburn.  
Jan. 24, Edward Little Junior High at Auburn.  
Jan. 30, South Paris Junior High at Norway.  
Feb. 7, Oxford Junior High at Norway.  
Feb. 14, Oxford Junior High at Oxford.  
Feb. 21, South Paris Junior High at South Paris.  
The boys' team offers promise of a peppy game when they meet the quintet from Gould's Academy at the Norway gym, Friday night, at 7:30. The Junior High boys will be at Auburn to meet Edward Little J. H. S. after the girls' teams play.

The Girls' Glee Club, under the direction of Miss Wood, presents its annual entertainment, "Variety Bites", at the Grange Hall, Thursday, January 15, at 7:30. It consists of an operetta, a playlet, and selections by the orchestra. This promises to be even better than the "Frolics of Norway High" presented last year.

Professor Herbert S. Hill, State Supervisor of Vocational Education, Orono, Maine, will visit Norway Agricultural Department, Thursday, January 15. Mr. Elliott of the University of Maine, with the B. S. degree in Agriculture, is doing practice teaching at the Norway Agricultural Department for several weeks. There will be a future Agricultural meeting, Thursday night at the Agricultural House at the school.

On Thursday afternoon at 3:30, Norman Greenlaw will give the House Decoration and Finishing demonstration. The girls of finishing and painting furniture. This is in view of a problem which the girls are to undertake for the sewing laboratory. Parents and friends are cordially invited to attend any of these demonstrations or to visit classes when they are interested in what is going on.

Mr. Greenlaw's interest and help in the Home Economics work is certainly appreciated. On December 18, he gave a very instructive and interesting demonstration of dressing and carving chicken. In connection with the Home Nursing course around Norway are being taken and sent to the State Department for testing.

Those who have earned the 60 word transcription test in shorthand are as follows: Olive Michie, Mildred Gallant, and Alice Lefance. Those who have earned the 80 word transcript are Albert Lefance and Olive Michie.

## Wrist Cut To End Troubles

Discouraged By Lack of Work, Plans Made By Husband and Wife. Help at Hand To Relieve Trouble

Without a job or money and greatly weakened by lack of food, John Spencer, in a fit of despondency is alleged to have cut his wife's wrist with a razor blade and planned to take his own life later. The wife should bleed to death. A neighbor, thinking something was wrong, investigated and found Mrs. Spencer stretched out on chairs and covered with a blanket. She will recover, for the gas was on the back of the hand, away from a vital spot.

The Spencers live in the Ed Gilbert house on Water Street. They closed the home the first of the year and left by train. After walking the streets of Portland all one day without food, they were taken to the police station for the night. The selectmen of Norway were notified and arrangements made for their return on Monday night of last week. On Thursday, Mrs. Spicer had the feeling that all was not right in the Spencer home. This premonition was so strong she went to the house. After a delay, was admitted by Mr. Spencer. Stretched on

Mellie and Gram went on a four day tour to Rangeley, last week, where they played for K. P. S., thence to Strunk and back to Norway. The tour was made by no less persons than the Pearys. Yes, Madam Peary, widow of the North Pole Commander, and her son, and the daughter, Marie, the wonder white child to the Eskimos, and her two sons.

## Schoolmasters' Meeting

Held January Meeting at Beals Tavern Tuesday Evening

The Oxford County schoolmasters held their January meeting at Beals Tavern, Norway, Tuesday evening, opening with a banquet at 7 o'clock.

A business meeting followed with Pres. V. M. Sampson in charge. Glenn W. Starkey of Portland was introduced as the speaker. His subject, "The Theory of Evolution", was an impartial analysis of the scientific and biblical side of the question. The speaker presented the pros and cons in a noncontroversial survey of life from remote ages to the present civilization.

## BANK MEETING

The annual meeting of the shareholders of the Norway National Bank was held Tuesday, Jan. 10, at 10 o'clock. The directors for the coming year are:

Herbert S. Andrew, Norway.  
Charles G. Blake, Norway.  
Albert H. Caswell, Harrison.  
Spencer W. Foster, Norway.  
Frederic L. Edwards, Bethel.  
W. H. Foster, Norway.  
Walter L. Gray, South Paris.  
Bertrand G. McFarlane, Norway.  
Levi G. Drury, Rumford Point.  
The directors organized with H. B. Foster, president and W. L. Gray and G. G. Blake, vice presidents.

George H. Bennett has been laid up with a distemper, but is feeling better. Theodore R. Frost opened his barber shop in the building adjoining Withers Park. The interior has been painted with the walls done in a light shade of green. An antiseptic sterilizer has been installed along with other improvements for an up-to-date and sanitary shop.

Eddie Richardson, young son of Mr. and Mrs. Ben Richardson of Mechanic Falls, formerly of Norway, had a forefinger amputated at the second joint Saturday. Some three weeks ago the boy's hand was badly lacerated in a cog gear, but the finger failed to heal and removal was necessary.

# Men, Women Plan Meeting

Farm Bureau Held Joint Meeting at Grange Hall, Wednesday. Officers Elected

The annual Planning Meeting of the Norway Farm Bureau was held Wednesday at Norway Grange Hall, with good attendance. The meeting opened with a joint gathering for an interesting program. Two excellent moving pictures were shown, one of the production of potatoes in Arrostook County, from the start of preparing the land to the harvesting in the Fall. The other showed the festivities of a Farm and Home week in a Utah State College.

The remainder of the program was arranged by the ladies and included "The Kitchen Courtship" by Mrs. Eva Jackson, and Mrs. Marion Holt; "The Farm Bureau Ladies' Day of the Week," illustrated; "The Farm Relief" with tableaux; reading; "The Dog-ridden Folding Bed," by Mrs. Marion Holt; and "The Farm Relief" with tableaux. The program was played on the piano by Mrs. Verna Millett. Ernest Moores, Miss Evelyn Plummer and Mrs. Edith Corbett were the prize winners.

A dinner was served at noon, by the ladies. The afternoon meeting was called to order by Chairman Irvin E. Brown. Reports of the several Club Leaders were heard. Mrs. Marion Holt, for "Club" Wilbur M. Tucker for poultry management; Clothing project, Mrs. Hattie Buck; Home Management Agent, Mrs. Lizzy Howe; Home Demonstration Agent, Miss Dorla Colony. Suggestions were made by Mrs. Evelyn Plummer regarding a committee on Clubs.

Meetings were then held by the two divisions, the men remaining in the upper hall while the women went to the dining hall. In the Women's Division reports were made by the several project leaders. Officers were elected as follows:

Chairman—Mrs. Edith G. Greenleaf.  
President—Mrs. Edith G. Greenleaf.  
Project Leaders—Clothing, Mrs. Loretta Brown; Poultry, Mrs. Marion Holt; Home Management—Mrs. Verna Millett.  
The following program for work was arranged:  
Jan. 20—Main Dishes and Leftovers.  
March 12—Wooden Meeting.  
April 12—Honey Beekeeping.  
May 12—Home Flower Gardens.  
June 12—Basketry.  
July 12—Dressing the Children.  
August 12—Home Furnishings.  
September 12—Christmas decorations.  
October 12—Home Management.  
November 12—Home Management.  
December 12—Home Management.

## More Facts

**ABOUT HARDWARE BUSINESS**  
Read in last Advertiser that the J. O. Crooker store was the oldest continuous business in same line in town. I would remark that the store occupied by C. F. Ridlon was carrying on the same business as late as 1860. One thing that shows why it is so solid is that it was built by contract, by a Samuel Leavitt.

Further, as regards ancient history: J. O. Crooker learned his trade in South Paris, working for Stevens Barber & Mosses, in the building now occupied by R. R. Butts; later, Mosses was bought out by Alvin Shurtliff, but not until Mr. Crooker had graduated.

After starting his apprenticeship, Mr. Crooker worked in Dixfield, Portland, and about a year in Colebrook, for the same firm, the writer served him time as apprentice. Mr. Higgins was in trade here several years before coming with Mr. Crooker, long enough for William French, later at Turner (father of present French in business there) to learn the trade.

These items of history came direct from Mr. Crooker to writer.

—Wm. C. Leavitt.

## Bowling

**Norway Kiwanians 1760; Paris Kiwanians 1724**

A hand picked bunch of Kiwanians from the Norway-South Paris Kiwanis Club met in combat at the Norway alley, Monday night. The teams separated into two teams and bowled strictly on the merits of their respective hampers.

Somehow Norway fell into good fortune and knocked the pins for a lead in each of the three matches. The first team was the exciting number for the session pulled and hauled until the last pair closed the deal for that string.

The third order of play was in spite of Harry Shaw's 105 and Doc Stewart with 98 for the Parisians. Evans made the highest run for the evening with 104, while Doc Stewart slipped into a hole numbered 72.

Good totals were made as a whole, and considerable talent was unworked during the evening of wholesome competition.

Summary follows:

**SOUTH PARIS—1724**

## CHRISTMAS SEAL SALE

There has been a very good response to the Christmas Seal sale this year, but there are still many seals that have not been returned. The committee requests that all who have these, will kindly return either the seals or the money. A stamped address envelope is enclosed with the return slip, and an earnest plea to drop this seal, so it is not lost. The matter is important, as it is necessary to close the account and complete the mailing list.

Mr. and Mrs. J. Edward Shepard are occupying the Stone house on Main Street for the remainder of the winter, having closed their house on Crockett Ridge.

A carter carrying gang-four, men and two trucks, from Norway, in six hours hauled a building on the corner of Main and Deering Streets, last Saturday. When fully developed, it will be the Texaco Oil Company's filling station and shut off Annie Sampson's view to Main Street activities.

The first degree was conferred at the meeting of Norway Lodge, I. O. O. F., Tuesday, with a large attendance. A committee was appointed to plan for one social evening each month, when the time will be set apart for entertainment and a get-together. On Tuesday evening, Jan. 20, the second degree will be worked and a good turn out is expected.

Jasper Everett of York, son of the late Justin Everett of this town, has recently been elected as vice president and general manager of the Springfield, Missouri, Water Co. He is in that city now. His family will join him in the Spring.

Springfield, Mo., is a city of about sixty thousand people and the water system is owned by the Maine Water Supply Co. of Portland, Maine.

The public skating rink near Tannery brook on the western side of Main street is progressing under the direction of R. O. Bicknell, Jay Perkins and Ed. Sanborn. Surface will be approximately 150x150 feet. Getting a solid foundation and level surface for skating has been used about two weeks. Should freezing weather continue the spot can soon be open to skaters.

Harry Dudley from Paris recently called at the Wearies and reviewed his troubles. His home had everything but his horse and auto, and they were away at time of the fire. Later he was run into by an auto and leg broken and now his son, 13 years of age, is in the hospital with a diseased leg that is troubling the doctors. Everyone is sorry for him and extended sympathy.

## Basket Ball

Oxford 13; Norway 12

A basket edged on the foul line defeated the Norway High School outfit at Oxford, Friday night, after one of the gamiest contests staged in the local gym.

Both teams played hard and tight, with defensive tactics perfect, leaving but few chances for successful work at the baskets. Only four fingers were dropped from the floor by each team and the same number placed from the free try line, except the winning toss made by one of Ed Leiger's shots.

In the preliminary battle, the Oxford girls took over the Norway girls with a score 29-24.

## Member of Gen. Beal's Company

A. W. Spaulding of Caribou Pays Tribute to General Beal and Corporal J. Dempsy

"I was interested in reading the 'Advertiser' last evening, and especially in the item regarding the record of Gen. Beal's first company that went forward at a delightful place to go to."

"I recalled that in that company, enlisted as a private, and made a corporal on the re-enlistment, was a man who afterwards came to this town and was one of our best citizens and his name was J. Dempsy."

"At the outbreak of the war he was employed in Norway and was one of the first to enlist and I think that he was actually in the line of duty, the preservation of the Union, and second, his great admiration and regard for his commanding officer."

"He has told me that as a captain, General Beal, after his men were carefully at the end of the day when they went into camp, he personally saw that every man in his company, and afterwards in his regiment, was as comfortable as circumstances permitted, making only after seeing them well taken care of did he look out for his own comfort."

"After serving his enlistment in the army and receiving an honorable discharge, Mr. Dempsy came to Caribou and bought a place in the town of the town which was ever afterwards his home; by hard work and careful managing the place became one of the best in this town of good farms and he accumulated a large amount of money."

"Mr. Dempsy was interested in every good cause and generous in contributing to anything that had to do with the welfare of the community in which he lived."

"The Northern Maine Regiment, of the G. A. R. was formed, he was its first Adjutant and soon afterwards was elected Colonel and from that he was afterwards called Col. Dempsy, a title which he wore with honor and pride."

"Both Mr. and Mrs. Dempsy lived to a ripe old age and died greatly lamented by their neighbors and friends and are buried in the beautiful Evergreen Cemetery in Caribou."

## 'SHAVINGS'

Slight changes have been made in the arrangements of dates for the Kiwanis production, "Shavings", caused by unusual circumstances. The first performance originally scheduled for Norway, Jan. 27th, will be at Association Hall, South Paris, Wednesday evening, Jan. 28, and at Norway Opera House, Thursday evening, Jan. 29.

Tickets are in the hands of Kiwanians and as in former years, capacity houses in both towns are sure to result to swell the fund, which is used each year, wholly in aid of the tremendous undertaking from the standpoint of properties used in the production. A committee of club members are hard at work detailing the show. Don Partridge regrettably making his last appearance in taking up his duties at Washington, has the title role, "Shavings", a kindly, lovable character, sure to be appreciated in these troublous times as he cheerfully goes through his two hours philosophy and singing hymns and working at his trade of toymaker.

Mr. Partridge is ably supported by a cast of amateur favorites from both towns. One of the most talented and handsome who comes to Orham, looking for peace and quiet, after a life of sadness, is a role of unusual sweetness, ably handled by Mrs. Brown. Eva Evans as Barbara ("Babbie"), a young girl, and a character of Mrs. Armstrong of bringing Mrs. Evans to you in a role which is lovable and appealing.

Geneva Partridge as Maude Hunsdell, provides the love interest, so indispensable to the success of the play, and, acutely to her man through storms of parental objections.

Charles Phillips, coming to Orham under a cloud, fights back with the assistance of "Shavings", when suspicion again points at him. Wilford Sweet ably portrays this difficult character.

Leander Babbitt, as portrayed by Stephen Braden, a wounded world war veteran, who very nearly sacrifices his happiness in a mistaken sense of gallantry, is a character study, played by a sterling performer.

Phineas Babbitt, the town grinch, as played by Norman Greenlaw, who both amuse and entertain you when he appears on a rampage—but Sam Hunsdell (Harry Shaw) his deadly enemy, stuns him short in many amusing squabbles and near riots.

Major Grover (Earl Farnham) brings unexpected happiness as an officer at the aviation field.

Glenn McIntire as the high pressure salesman, Roscoe Holway, clicks cleverly in his interviews with his customers. General Beal ("Gib") moves to a waiting world that a gossip is not confined to the weaker sex, as he horns in on every bit of news and starts for the most of it to spend it. Watch Wilford Edminster.

W. W. Ripley, the South Paris ice man is scraping a large spot on Lake Penneesseewassee for the annual harvest. The ice is about nine inches in thickness and cutting begins when twelve inches is reached. With the use of machinery several hundred cords are stored in short order for commercial use next summer. ### PARCEL POST SHOPPING

A New York pencil concern ship a gross of their pencils on approval. Permission to try them is given. Soon follows a bill with a list of presents given, provided you buy a specified amount of pencils. The bargain is wonderfully attractive, let them tell it.

We received the package "Evergreen" No. 487-No. 2. Yes, whoever tries must be green and willing to be imposed upon. That is our feeling about it. We insist on 20 cents for postage, and returned the box, an opportunity to get a premium. The pencils may be O. K., but \$4.50 is an exorbitant price.

The method of dealing is distasteful to us and we think in violation of postal rules and regulations, if not, it should be. Several were sent to this postoffice. What others did, we know not, but we modified the U. S. Post Office of 487 Broadway, N. Y., that nothing was doing in that line with us.

Leon Truman has brought in a kerosene can which he picked up in the street near the Pleasantland Golf Course.

New Hampshire Weekly Publishers will meet in Boston at Hotel Mangor, Friday and Saturday, Jan. 30 and 31. Maine publishers so minded are invited to "come in".

Thelma J. Grover has an ad in this issue calling attention to the Mutual Life Insurance Company of New York, which company she represents in this vicinity.

David H. Greene, Harrison, has had on print posters for the sale now in progress at his store at Harrison. This special sale will close next Saturday.

Town report printing is almost here. We have the Buckfield valuation in type. Mr. B. Merrill is prompt, knows how, and is willing to help by getting his copy here early. There are other town fathers who do the same. To them we extend thanks!

We addressed a letter in a faulty manner. It was mailed in Norway, Jan. 5. The letter got back to us Jan. 11 and bears post marks: Memphis, Greensboro, and N. W. Train, Jan. 7, and New Orleans, La. postoffice 12:30 p. m., and Norway, Jan. 11. Quick work and a long journey! No one at fault except the writer, who made a mistake.

Mrs. Florence Westleigh called Wednesday to let us know her lunch and home cooking business at the Westleigh cottage, opposite the fair grounds is thriving. She opened the new home last fall after closing "The Pines of Maine" at the fair grounds and continued to cook and bake for lodge suppers and the like.

Three faces of the town clock in darkness the past week or so has upset some of our early morning birds and late night owls. They are asking whether the absence of illumination is to be temporary until new bulbs can be inserted, or permanent. We don't seem to see a good thing until it is snatched away.

J. Stuart Cameron, probation officer at Waltham, Mass., and fisherman by spells at Middlefield, says: Just now I'm feeling fairly O. K., after having had my tonsils, adenoids removed and my face shaved. I opened a few weeks ago. For a short time I didn't seem to care whether I hung on or not, but am gradually getting strength back and the sun comes up more rose in the morning.

A copy of the old staid and never-changing Exeter-News Letter (N. H.) comes to our desk. It bears address: "The Oxford County Advertiser" and is embellished with a 2-cent stamp. The sender we know not. Nothing marked to attract attention. It has the old time familiar look of half a century ago when life was young and we feared the rising sun. Not so, now. It is different. Like the Norway Advertiser, it isn't sufficiently modern to even wear the name of its owner, editor, or publisher.

In referring to the prohibition muddle now before Congress and in the back lists of the nation, Don C. Seitz says: "Butler is confident of an early shift; I am not. It appears to be the policy of the drys to seize the Republican party for their ends, which, I regard as a good play and may help hold some of the territory gained in the south. The whole thing is fast assuming the forbidding shape that slavery threw the parties into in 1860. This makes the outlook for the country pretty dark."

H. Knox Bickford at the Triangle Milling Station, head of Main street, reports that cars from twenty-six states and Canada were served with gas and oil the past year. The following are on his record book: Maine, New Hampshire, Vermont, Massachusetts, Rhode Island, Connecticut, New York, New Jersey, Pennsylvania, Delaware, Maryland, Illinois, Ohio, Michigan, Tennessee, Iowa, Mississippi, North Carolina, South Carolina, Virginia, Florida, Texas, Wyoming, Indiana, District of Columbia and Quebec. Other states were represented on cars which passed the corner without stopping.

Mrs. M. G. Richardson called in, Tuesday, and renewed her paper. She remarked about the wonderful winter weather and referred to the many changes, but she said: "I like the new improvements—they are the best. At the time I was married, we got our mail once a week on the train, then we had to drive to the village to get it, and likely as not get tipped into the snow several times on the trip. Nowadays with the roads ploughed out, the R. F. D. mail at the door, the telephone and the radio, it does not seem at all as in the old days."

A New Year's greeting from Roger Hutchins at Los Angeles, Calif., was in the form of the mid-winter special number of The Los Angeles Times. There are many sections for news, sports, and feature stories extolling the beauties of the sunny clime. The illustrations are works of art, emphasizing California as a natural and man-made attraction. The weather, he said, has been much like October in New England with a rainy season in sight on New Year's day, to fall steadily about fifteen days. After this, just perpetual sunshine for many months. Preparations are going along for the Olympic games and he expects the Advertiser to be represented.

Herbert Hopkins, well known as Hoppe, the candy man, offered to sell his stock of candy, suckers and chewing gum, also the sled and box to the Sports Editor. This rash offer was given Monday, the day when everything looks blue. The bargain was offered, but what the dealer could do with the stuff. Perhaps the wife might chew the gum and six or more children devour the sweets, then a doctor's bill. The sled might be useful in communicating between the office and the South Paris home provided a valet was thrown in to pull the rope. After some thought the bargain was turned down as a bum investment for a family man.

### Universalist

The Ladies' Circle will hold the first meeting of the new year Friday afternoon at the parsonage, with Mrs. C. B. Rheiner. This will be a social and a sewing meeting and those who wish will carry their own needlework. Plans for work will be discussed.

The ladies will hold a food sale, Saturday afternoon, January 24, with Mrs. Maude Deconster, Mrs. Bessie Hill and Mrs. Rose Everett in charge. Members of the circle will be solicited for the sale. Orders for food will be taken by telephoning some member of the committee.

A Get-together will be held in the vestry, Thursday evening, January 22nd, with Mrs. Estelle Carroll, Mrs. J. B. Hills, Mrs. Alice McIntire and Mrs. Retta Jackson, as the hostesses. Cafeteria supper will be served and the evening will be devoted to games and cards. This is the first of these pleasant affairs which have been held in previous years.

The second illustrated lecture, "The Bridge of San Luis Rey" presented by Rev. Conrad B. Rheiner, minister of the Universalist Church, last Sunday evening, was attended by a large crowd, a greater number than attended the first lecture on "Outward Bound."

This Sunday evening at 7:30 p. m., Mr. R. B. Merrill will present the third lecture in the series, "The Abundant Life Through the Arts," based upon the play "The Servant in the House." For many years this play has been in the repertoire of the Universalist Church. The slides show Edith Wynne Matherson, wife of Charles Ramo Kennedy, the playwright.

The plot is filled with genuine pathos, and the changes in the church and the home which Jesus would inaugurate if he were to come back to earth or if his spirit were reincarnated in another man living in this day and age. It is a great lesson in love and service.

Morning worship at 10 o'clock. Rev. Copard B. Rheiner will preach on the question, "Is It Possible?" The Universalist Church will sing an anthem. Visitors will be cordially welcomed.

Sunday school will convene at 11:10. The Junior Y. P. C. U. will have a devotion meeting in Concert Hall beginning at 4:00 p. m. Mrs. Conrad B. Rheiner will be in charge and will lead a discussion on "The Moral Code of the Junior Y. P. C. U."

Members of the Senior Y. P. C. U. will meet in the church at 5:00 p. m., and go in cars to West Paris, where they will be the guests of the West Paris union. Illustrated lecture on "The Servant in the House" at 7:30 p. m. All are welcome.

On Tuesday evening at 7:30 p. m., the officers and teachers of the Sunday school will meet with the superintendent, Mrs. Estelle Carroll, to continue the study of "The Life and Teachings of Jesus." A parish get-together or family night will be held in Concert Hall on Thursday evening, January 22. Supper will be served at 6:30, followed by a special program. Games will be provided for old and young. All interested in the church will be welcome.

The G. R. Club will meet at the home of Charles Bickford, Friday evening, Jan. 16, for supper, business meeting and social. Supper will be served at 6:30.

At a well attended parish meeting last week the following officers were elected: Moderator—Glen R. McIntire. Clergy—P. E. Deconster. Members of Parish Committee, 3 years—Mrs. McIntire, J. E. Everett; 2 years, W. Maiford Mann. Treasurer—J. N. Carver. Collector—Mrs. Harriet Waite. Music Committee—Glen McIntire, Miss Bessie Kain, Mrs. Florence Westleigh. The parish committee met Friday evening at the home of Mrs. Estelle Carroll and organized with B. G. McIntire as chairman and Mrs. Estelle Carroll as secretary. Their next meeting will be held Wednesday evening, Jan. 21, to make further plans for the year.

### Methodist

The annual nominating committee of the Methodist church met with the pastor and the officers of the ensuing year's program, viz: "What Jesus Means to Me." Mr. Lyon will speak out of the bulk of his own experience and his subject promises to be very helpful and illuminating. This is a day in which the force of the invisible spirit of the Lord Jesus Christ is not sufficiently believed in, nor adequately practiced by a hungry world.

In the evening service at 7 o'clock the minister begins his series of lectures, "The Groceriesman." This is a story of unusual interest and unexcelled as a narrative of moral and spiritual values. This series of Sunday night stories is going to be one of the very best in the history of the church. The story is unfolded by the minister has already the promise of a big attendance. This is a tale of a groceryman who has a beautiful wife and an attractive daughter. While there is opportunity for promiscuous flirtations with unholiness, yet there is ever present the brave, bold consciences in the heart of the characters which forbid too deep familiarity with the evil influences, and by the grace of God are imbued with the proper incentives to live a Christian life. Rev. Mr. Lyon says it is a great story, gripping, fascinating, intense and altogether human and understandable. Do not miss the opening number. Get the background. Come and hear and feel this great dramatic series of crises as the Methodist minister vividly wades through this most interesting story. These people who say and heard Mr. Lyon in "The Fool" are already planning to come and a great crowd is expected to be in attendance.

The Thursday evening prayer group is still the attraction with the pastor leading. The hour is one filled with quiet worship and inspiration. Always our minister has a helpful message. A good attendance is usually present. Everybody is invited here to join with us.

The Ladies' Aid will meet Friday afternoon, Jan. 16, at 2:30, with Mrs. N. N. Holden, at her home on Bridge St.

Baptist. Thursday, C. B., 7:30; topic, "My idea of what a young man ought to be." Leader, Harold Haskell.

Sunday: Morning worship at 10:45, with sermon by the pastor. Bible school at 12. Evening meeting at 7. A welcome for all.

### Modernized

Her Mother—Betty, how would you like a new doll? One that says "mammy" when she's squeezed?

Betty—I want one that says, "be yourself, big boy."

### Exactly

Mrs. Wiggs—The postman just brought you a letter with two cents postage on it. I'll tell you that.

Wiggs—For two cents I'll tell that fellow what I think of him.

BENJAMIN FRANKLIN, KNIGHT OF THE BATH

While January 17, Benjamin Franklin's birthday is observed as an annual occasion for pointing out the value of thrift, there is another virtue which can trace its ancestry to Franklin and which should not be overlooked in celebrating the natal day of Philadelphia's colonial sage.

As the son of a soap manufacturer, he was extremely interested in cleanliness, and was a pioneer in the matter of tub bathing. His boot-shaped tub, made of galvanized tin, was one of the wonders of the colonies, and his hardness in immersing himself was likewise a marvel to an age which looked on baths as serious distractions from duty.

He was among the first Americans to advocate and practice that degree of personal cleanliness for which our people are now known. The world over, the coldest, like the inhabitants of the Old World countries, had not yet fully emerged from the Dark Ages when the odor of sanctity too frequently meant something that had to be covered with stonier perfumes.

Household cleanliness was almost a religious rite among the early American settlers, but few had the Franklin courage, especially in the case of the women, to surround the processes of bodily cleanliness. It was not until many years later that his example became popular, and it is only recently that the American people have achieved the title of the cleanest nation in the world. Hats off, then, to Benjamin Franklin, who started the campaign, and who not only preached, but practiced two virtues—cleanliness and thrift.

THE EXCEPTION

The young woman was shown round the ship by a mate. She saw everything, including the cabin, the stow-hole, the saloon, at last she came to the bridge, where the captain was standing.

"Ah, so that's the captain," remarked the visitor. "He's the man whose word is law while you're at sea, isn't he?"

"No, madam, not this time," said the mate. "You see, the wife's coming with him on this trip."—Edinburgh Scotsman.

## Beyond Understanding

By G. P. WILSON

(G. 1926, Western Newspaper Union.)

I HEARD a fellow make a speech once and he claimed it was easy to learn all about men. All he had to do was to study them. It's like this. Hazel got sore at me because I said that a hen wouldn't clerk in a grocery store.

"It's more refined and takes more brains than driving a mule in a coal mine," she argued, haughty like.

"Meaning that because I'm a 'mule skinner,' I'm shy under the hat," I said, getting sore myself. James Johnson, a clerk in the company store, has been trying to beat me out of Hazel for a long time. Naturally having him thrown up to me didn't make a bit.

"Meaning that very thing," Hazel agreed.

"All right, I'm crazy," I told her sarcastically. "I pull down eight I work and that 'counter hopper' you refer to doesn't make over twenty a week."

"Money's not everything," I said, looking wise.

"It won't buy culture and refinement," Hazel answered. "What future is there ahead of you? Nothing, but following a mule around until you get too old or old crippled up."

"I won't be standing behind a counter going stale with the rest of the cheese. And that's that, as the fellow said when the white mule kicked him. I'll be around at eight o'clock tomorrow night to take you to the dance."

"If you do you'll have a trip down here for nothing," Hazel told me. "I'm going to the dance with James."

"Where's he going to get the price of two tickets? Knock down enough out of the cash sales?" I asked, getting ugly. "I hope I never see you again."

I hated this Johnson bird worse than any of my rivals. He was a classy dresser and a good looking and he sure swung a mean line of talk about women and culture. He could spring a convincing line of dope about a laboring man never getting anywhere, and he could show you, with talk, that grimy hands never handled much money. He about had Hazel believing it, too. That's what made me sore. Me making more in two weeks than he did in a month and then him raving about me not getting anywhere.

The dance, I thought I was going to take Hazel to, was to be some affair. It was generally understood around town that Hazel was my girl and I knew if I didn't take her to the dance that the coal diggers on my run would razz me ragged about it.

After I'd got home and cooled off I gave myself a good cursing for getting into an argument with Hazel. But I couldn't figure out a way to square myself. I did cut her up the next evening, figuring maybe she had changed her mind or that Johnson couldn't raise the price, but she wouldn't talk to me.

There was a big crowd at the dance. I didn't want to go but I'd helped get it up and couldn't very well stay away. Johnson was there, all dolled up like with him, looking like a million dollars.

It made me feel awful blue to watch them dance together, love lost, shattered romance, effect, if you know what I mean, and you do if you've ever in love and had a fellow take your girl away from you. The boys were carrying on pretty high about me losing my girl and that didn't help calm me down any. I'd heard that once, were they about to have a fight, I figured that if I pulled off a little of the same, it might set me right with Hazel. I watched until I saw Johnson go in the coat room to take a smoke and followed him in.

"You've got your nerve with you bringing my girl to this dance," I said. "Your girl?" he said, smiling at me. "How do you get that way?"

"Maybe after I get through changing your map, you'll understand," I told him.

"Let me get you right," he said. "Are you trying to pick a fight with me because I brought Hazel to this dance?"

"Not trying to, I'm going to," I answered, and slapped him on the side of the face.

He stepped back and began taking off his coat.

"I hate to do it," he grinned, cool and calm, but I remember that he brought it on yourself."

Some of the boys who saw the fight said that it was short but fast and furious. I don't remember much about it myself. Johnson did most of the fighting and I did most of the trying. I'll have to admit that he whipped me good and plenty, and I don't think I so much as mumbled a word. After it was all over the boys washed my face and went back to the dance.

While I was sitting there by myself waiting to get enough strength back to leave, Hazel came in. She didn't say anything, but she put her arm around me and began dabbling around over my face with her handkerchief.

"I'll take back what I said about 'counter hoppers,'" said sheepishly. "They're the best in the world."

"They are not," Hazel grinned, giving my face an extra pat. "I'd rather have a 'mule skinner' myself."

"I'll leave it to you. If a guy claims he understands women, he's nuts. Ain't I right?"

## Old Doctor Mitchell of Alton, N. H., Writes as Follows

"Printing was duly received. Will remit in a few days. Thank you for the nice job."

"I have a head cold. Barber cut my hair too close on the back and sides. Barbers—those of the younger generation, who learned the art in barber-schools—are not noted for their 'standardized' style of hair cutting. It makes no difference whether a man is old or young, each haircut is the same; no attention being given to the shape of head and face. The old fellows were artists; that is, many of them."

"At one time this village supported three barber shops. Now we have only one. We also had a sawmill, a gristmill, a bobbin mill, a box mill, and a shoe factory. Now we have none of these."

"When I was a small boy, barefoot and happy, I drove 15 cows to and from the pasture on the hill; two other boys drove other cows to pasture, one on the road south and the other on the road reading to Gilmanston. I think there were as many as 40 families that owned a cow. Now there are no cows in the village, except those owned by the milkman. Some of the small farmers buy milk and butter."

"Nearly every family had a garden in which potatoes, vegetables and flowers were grown. Now vegetables are imported from the South, from California and other distant points. In the village, vegetable gardens are small and few in number. A few women have small flower gardens, but our modern man apparently sees no beauty in flowers."

"I wonder if these changes have been for the general good. Are we as a people progressing, or are we on the retrograde? Perhaps you can answer this. If so, please do."

"I am doing poorly. Local merchants claim that people ought to patronize home markets. Many small newspapers publish articles to this end, claiming that it is essential to prosperity. Yet it is so evident that the merchants themselves buy butter from Wisconsin, eggs from China, cutlery from Germany, shoes from Minnesota, watches from Switzerland, perfumes from France, stockings and other similar products from the Carolinas, automobiles from Detroit and gasoline from the Far West—and they invest their profits in Wall Street. Also, incidentally, they spend their vacations in Canada and in Europe."

"It is rather confusing; one might say illogically."

"I manage to get a chuckle now and then from what I read, although it is necessary to read a lot in order to get a laugh."

"An optimistic Colorado farmer, on seeing some clouds floating by, remarked: 'Well, I guess we're going to have some rain.'"

"Aw," said his pessimistic neighbor, an ex-slavey man, "those are just empties coming back from Iowa."

"Foreman: 'How is it that you and Jim started digging at one another, he has a bigger pile of dirt than you?'"

Sambo: "Why, boss, he's diggin' a bigger hole."

"Wife: 'I must apologize for the cake, dear. I think I left out something.'"

Husband: "Nothing you left out could make a cake taste like this. It's something you put in."

"All good wishes for Christmas, New Year's and Fishing Days."

## Oxford County United Parish

Embracing Albany, North and Center Lovell, East Stoneham and Waterford. Pastoral Staff: Revs. W. I. Bull; R. A. Brandon; A. C. Townsend.

The pastors have been making New Year's calls during the holiday season, the aim being to give every family in the territory, leaving with them a souvenir calendar. Some over 350 such calls have been made, with a few neighborhoods yet to be visited. The pastors have gone together in making these calls.

The Council held its semi-monthly meeting at East Stoneham last Thursday. Business served by the Stoneham ladies, and after some unfinished business, an address was delivered by Rev. Christian Groezinger of Norway on "Some Neglected Aspects of Education."

At this meeting the Council voted not to ask for the usual appropriation of \$300 from the Maine Missionary Society (Congregational) for this year.

Rev. W. I. Bull was called to Massachusetts last Friday by the death of an uncle. He will also be absent a part of this week on Conference business. In his absence the pulpit at Waterford was occupied last Sunday by Glenn McIntire of Norway, a loyal friend and a Councilor-at-large of the United Parish.

The other services were cared for, with the exception of Albany, by the other two men of the Staff. The Albany service was omitted, partly to accommodate the Staff, and partly on account of bad roads.

Services at the East Waterford school-house were resumed last Sunday afternoon by Rev. Mr. Townsend. A large attendance was present. It is the plan to hold these services once in two weeks, alternating with the Forum services at South Waterford. This forum is proving very interesting and popular. The topic Jan. 4th was "Neighbors," and out of it came the topic for next Sunday evening, "Community Service or World Service, Which?"

Plans are being perfected for classes in vocal music in the Parish in the near future.

The Crooked River Outing Club is making plans for the next Winter Carnival and Drama.

## SWEDEN

The Sweden snow plow was out two days last week, the first time for the winter. Leslie Chandler and Wendell Plummer run it. Chandler, the state man, was through town one day last week looking after the roads.

Sidney Gray had to use his team one or two days to carry the scholars until the roads were plowed out.

## Aid to Normal Conditions

### Outline of Address Given by C. C. Stetson of the Maine Development Commission

Early adjournment of Congress as an aid to early restoration of normal conditions, an embargo against the further importation of Russian products, mobilization of American youth to protect American standards, establishment of a Second Maine College Economic Conference were the high points of an address by Clarence C. Stetson, chairman of the Maine Development Commission to the students of Colby College, recently.

Pointing out that true prosperity can only be restored "by recognizing the law of supply and demand," Mr. Stetson declared that "The United States Senate is trying to do away with the law of supply and demand and to substitute for that law artificial curatives that history has proved can never be successful."

"President Hoover creates he said, while the false economists of the Senate selfishly destroy confidence," He called for a plan for getting down to fundamental economic principles, for work and not for talk. "This situation should be recognized by the American people and the senate should be told by them to do such work as is necessary to permit the government to function, and then to adjourn until their next regular meeting in December."

The fortunate situation Maine finds itself in today he attributed to its balanced program of agriculture, industry and recreation, and referred especially to the sound and conservative policy Maine people to live within their incomes, which enables them to save annually. The Development Commission's program has been to encourage, publication of pamphlets, general newspaper and magazine publicity, surveys and conferences with a view of boosting Maine both within and without the State.

Continuation of Maine's prosperity is dependent on resumption of general prosperity throughout the country and the world, he stated. He pointed out that as serious economic danger looms for the world, Maine must be prepared to meet it. "Every Maine citizen is suffering because of the importation of Russian pulpwood. This has already had a serious effect on the value of our wild lands, and unless these values will shrink further. The cure is an embargo against further importation of Russian products."

American trading with Russia, he characterized as unpatriotic and short sighted, stating that modern machinery, conscript labor, and conscripted raw materials enable Russia shortly to dump upon our local and foreign markets convict made goods at a price with which we cannot compete.

Depressions, he declared, come with regularity, following periods of depression. "They should be looked upon as furnishing opportunities for progress and advancement. They give play for leadership. It is my belief that there is no greater chance furnished to the young men and women of this country than at present for developing those very qualities of leadership which will give them in years to come a just reward for those efforts directed toward greater service to the public."

### Death of Local Residents

The death of Mrs. Hannah O'Connors Thurston, aged 80 years, occurred Monday, Jan. 5, at the home of her nephew, Horace Thurston. She had been ill for the past seven weeks with blood poisoning, which resulted from scalding her feet and was in the Community Hospital two weeks for treatment. Mrs. Thurston was born in Ireland and came to this country when about 14 years old. Her marriage to Lamont Thurston of Rumford took place in Chicago about fifty years ago, and a few years later they came to Rumford, where she has since resided. Since Mr. Thurston's death in April, 1928, she continued to live at her home, staying nights with her nephew and family, who lived near by. During her last illness she was cared for at the home of her nephew by Ada Luffkin, R. N. Funeral services were held Wednesday morning from St. Athanasius church at Rumford, of which the deceased was a member.

The death of Mrs. Martha Reed Spaulding, wife of Earl W. Spaulding, occurred at the Community Hospital, Saturday morning, Jan. 10. Mrs. Spaulding, who was born in 1854, at Twenty-six years of age she was married to Earl Spaulding, also of Mexico, where they lived for many years, moving to South Rumford about sixteen years ago. Mrs. Spaulding drew the sound and conservative policy Maine people to live within their incomes, which enables them to save annually. The Development Commission's program has been to encourage, publication of pamphlets, general newspaper and magazine publicity, surveys and conferences with a view of boosting Maine both within and without the State.

## BATES—WEST PARIS

Joint Installation Held—Skating Rink Built—Finnish C. E. Officers—Birth Day Broadcast—Church and Lodge Notes.

There was a good attendance at Grange last Saturday. About eighty were present at the dinner hour. A good number of South Paris members were present and some from South Woodstock representing Franklin Grange. All the officers elect from the two subordinate Granges were present, but one, Mrs. Mabel Jackson, elected to the office of Flora, in West Paris Grange, was not able to be present. Mrs. Alice Cairns of South Paris was the installing officer, assisted by Mr. and Mrs. Ellis Davis and a couple from the South Paris Grange, for the double installation. The officers for West Paris Grange were as follows:

W. Masters—C. I. Richardson. Treasurer—John E. Harkness. Secretary—Mrs. Martha Kendall. Steward—E. L. Whitman. Asst. Steward—A. S. Thiel. Treasurer—William Little. Secretary—Anna W. White. Gate Keeper—Mrs. Mabel Jackson. Organist—Vivia Richardson. Musical—Mrs. Mabel Jackson. L. A. S.—Benny Thiel. Substant—Mary S. Cairns.

Mrs. Cairns was a most efficient installing officer. Two songs, "Nearer My God to Thee" and "The Weaver's" after Ceres. Three or four beautiful tableaux were shown during the work by the South Paris team, all of which made the service very impressive. The afternoon program was all open and several outside the membership were present. After the installation a short program was given, consisting of familiar songs by Mrs. Cairns, a reading, "The Weaver's" by Jona Andrews; remarks by Rev. A. E. Roberts, R. L. Cummings and Percy Millett for the good of the order and a farce entitled, "Old Maid's Adventure" by the young people from South Paris with the following characters: Mary Sumner, old maid, Arline Millett; Nora, Irish maid, Martha Briggs; Frances Smith, boarder, Alta Harriman; which was very amusing. Mrs. Anna Davis of South Woodstock played the march for the installation and Lewis Woodworth sang the songs connected with it. All had a good time.

Rev. Eleanor B. Forbes entertained the Ministerial Association of Norway, Jan. 13. Thirteen ministers and eleven wives were present. A very helpful session was held. The hostess assisted by Mrs. A. L. Abbott, served light refreshments at a social hour which followed.

Through the helpfulness of a committee of three men interested in the safety and pleasure of the community children, Edwin J. Mann, Dr. Edwin Kay and Harold H. Gammon, a skating rink has been made in the field belonging to Mrs. Mabel Mann, an incident which has been a great joy to the community. The rink is on Main street. An enclosure was built of boards around the lot and then flooded with water pumped in from the river by the fire equipment by the Paris Mfg. Co. power several nights in succession. An electric wire with three or more lights has been stretched across it for evening refreshment and the place is greatly enjoyed and no fear of automobiles as there is on the street hills or danger of ice breaking to cause drowning.

Mrs. Elvira Denman, who has been spending several weeks at Stearns Hill with Mrs. Addie Stone, has returned home. Mrs. Nellie Porter of Auburn is staying with her.

Stanley L. Peckham returned last Saturday evening with his bride, who was Miss Gwendolyn Wood of Connecticut. They were married there Jan. 3. They will reside in H. H. Wardwell's house on Pioneer street.

The Ladies' Literary Club will meet with Mrs. H. L. Patch, Friday afternoon, Jan. 16.

The West Paris Finnish Christian Endeavor held a business meeting at their church and the following officers were elected for the coming year as follows:

President—Rev. Jacob Ranta. Vice Pres.—Alma Kommanen. Secretary—Jona Hata. Asst. Sec.—Lena Harkness. Treasurer—Antti Pirhonen. Sec. of Treas.—Alma Kommanen. Collectors for dues—Eino Linnanta and Aino Holmstrom.

Table Com.—Eino Linnanta and Hilma Mikkonen. Pianist—Alma Mikkonen.

It was planned that the Christian Endeavor should have one Sunday for special program each month.

Many of our people listened in last Monday morning to hear Mrs. Frances Noyes' 102nd birthday broadcast during "Cheerio" program through WOSE at 8:30 a. m. "Cheerio" gave her a very pretty mention and she was the only birthday he had that morning who was over one hundred years old and she got a hearty "three cheers".

At the regular meeting of Onward Rebekah Lodge last Tuesday evening a rehearsal was held and a treat served. Preparations are being made to entertain the brothers at next meeting. Supper will be served and a program rendered.

The Young People's Christian Union met with Rev. Eleanor B. Forbes, Thursday evening. It was voted to invite the Norway Y. P. C. U. and the Rumford Union to meet with the local union on Sunday evening, Jan. 18. Young People's week will open on Feb. 1st and continue to Feb. 8th, when the local union will conduct the morning service.

Rev. A. I. Oliver, Dist. Sup't. of the M. E. Conference, spent all day Sunday with the United Parish church and was greatly enjoyed at both morning services and the talk to the children in Sunday school.

Monday evening, Jan. 12, the program committee of the West Paris Parent-Teachers' Association presented an interesting program on "Thrifty". Several papers were read by high school students. The Misses Leone and Hattie Bane sang a duet and the high school orchestra gave several selections. On account of the storm the attendance was not as large as formerly. The program at the month-ly meetings are of unusual interest and the attendance good.

Hannah Carter, Tent, Daughters of Union Veterans, will hold their meetings during the winter months at the home of Mrs. Emma Hollis, beginning Jan. 19. A cake walk is a feature of the program. At the meeting, Jan. 5, the following officers were installed by Past President Eva Doble:

Pres.—Phila Mayhew. Vice Pres.—Edith Farr. Junior Vice Pres.—Martha Gardiner. Chaplain—Mary Emery. Treasurer—Emma Hollis. Secretary—Thelma Emery. Council Members—Eva Doble, Minnie Day, Mildred Davis. Press Correspondent—Emma Hollis. Guide—Mildred Davis. Guard—Mabel Jackson. Asst. Guard—Lena Herick. Color Bearer—Laura Flavin, Lulu Buck, Lena Herick, Minnie Day.

NEWRY

Mrs. Dorothy Tibbette is staying a while with her father, H. B. Burgess. Mr. Erickson and family, of South Paris, visited his sister, last Sunday, Mrs. Carl Hakala.

Walter and Benford Powers were in school on business, last Saturday.

H. R. Powers and family were callers at Sunday, at Mrs. C. B. Burgess.

Harry Williamson of Upton was in town, Saturday.

## Observe Golden Wedding Anniversary

Former Oxford County Couple

The sixteenth day of January, Mr. and Mrs. Elmer Waterhouse of 21 Washington street, Danvers, Mass., will observe the fiftieth anniversary of their wedding. Mr. and Mrs. Waterhouse were both born in Maine. He was born in Greenwood and she was born with the maiden name of Fanny Miliken—in the adjoining town of West Paris. They were married at Greenwood in 1881 and lived there for four years. Then they moved to Danvers. Two years later they moved into the house which they are now occupying and have occupied continuously for forty-four years.

Nearly all of his life Mr. Waterhouse has been a shoe worker and most of the years were spent working for the Clapp and Tapley Shoe Company in Tapleyville.

For a few years now he has not worked at his trade because of ill health. Recently he has had a bad fall which fractured two of his ribs and broke one of them. This is causing him much suffering at the present time. Mrs. Waterhouse has and is now enjoying good health.

They have one daughter, who is Mrs. Mildred Armstrong, and one grandson, Raymond Armstrong, both of Danvers, Mass.
